Ohio State Engineer

Title:	Engineering Physics
Issue Date:	May-1938
Publisher:	Ohio State University, College of Engineering
Citation:	Ohio State Engineer, vol. 21, no. 7 (June, 1938), 16.
URI:	http://hdl.handle.net/1811/35540
Appears in Collections:	Ohio State Engineer: Volume 21, no. 7 (June, 1938)

ENGINEERING PHYSICS

JOHN HESS is the contribution of Alliance, Ohio, to the realm of Engineering Physics. While at school John earned part of his expenses by playing in the Marot swing band and has delved into amateur photography in his spare time. Because he considers many of his former professors his friends Mr. Hess refuses to name the courses he liked best and least while in school.

ROBERT JAMES STEELMAN, a resident of Columbus, has spent his spare time while in school

experimenting in radio. "Bob," a member of Sigma Pi Sigma, liked his electrical engineering courses best and mechanics least.

RICHARD JAMES WELLS represents Zanesville, Ohio, and the Buckeye Club in the list of those receiving the degree of Bachelor of Science in Physics. "Dick" is a member of the Undergraduate Mathematics Club, Sigma Pi Sigma and Pi Nu Epsilon. He holds several titles in horseshoe pitching. His favorite subject was mathematics; his pet peeve French.
